

CHEVRON CLEATED REPLACEMENT BELTS

/ Collaborate / Create / Convey

Fluent Conveyors offers a wide range of premium, well-constructed chevron conveyor belts at a market competitive price. Chevron conveyor belts come in a variety of cleat patterns including: open chevron, closed chevron, herringbone, u-shaped, cleat top, steep climb and more to meet the requirements of a wide variety of material applications.

WIDE VARIETY OF CLEAT PATTERNS

Each application required the correct cleat pattern to ensure optimal conveyance. We offer both custom and in-stock cleat patterns.

INTEGRALLY MOLDED CHEVRON BELTS

Heavy duty belts provide smooth, reliable product delivery in demanding incline applications. Constructions available with various cover gauges, compounds and with or without center support ribs.

CHEVRON OPTIONS FOR 100'S OF INDUSTRIES

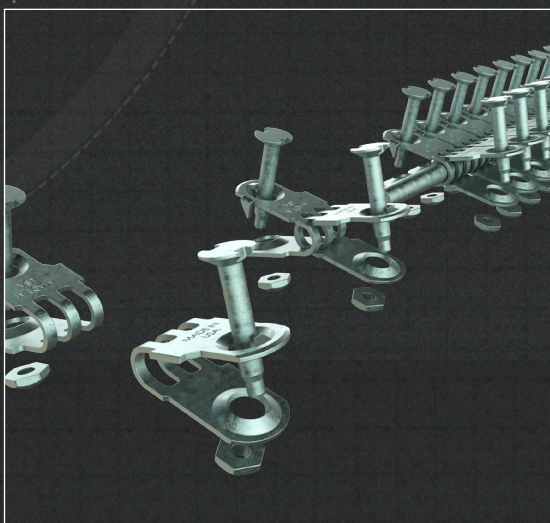

Mining, recycling, food processing, bio-fuel, OCC, carpet, e-waste, manufacturing, MSW, paper, plastics, single steam textiles and more!

ALLIGATOR HINGED & TOOTH SPLICES

Alligator splicing is ideal for easy, economical installation of a low-profile belt splice. Available in continuous lengths, the system fits any belt width and provides uniform tension across the full belt width. Minimum pulley diameters range from 1 inch to 14 inches. Installation can be done with mechanical tooling or a hammer.

BOLT PLATE & HINGED SPLICES

Bolt hinged splices are ideal for belt conveyor applications subject to length adjustments because the joint can be separated easily by removing the hinge pin.

RIVET PLATE & HINGED SPLICES

Rivet Plate Fastening System is recommended for high-tension applications using rubber-plied and PVC solid woven belting and for worn belts unfit for vulcanized splices, delivering performance & longevity.

**Please note we also offer non-mechanical vulcanized endless splices.

Technical Specifications & Belt Modification Options

Please note not all belts can be configured with each option.

Core Base Belt Options

- Rubber
- Neoprene
- Nitrile (FDA/USDA)
- SBR
- Butyl
- PVC
- Polyurethane
- Additional options may be available

Chevron Cleated Profile Options

- Standard Cleat Top
- Mini Cleat Top
- Multi-Chev
- The Big Horn
- The Bull Horn
- Fabclimb
- Fablift
- Longhorn
- 100's of more options available

Belt Ply Options

- 1 Ply
- 2 Ply
- 3 Ply
- 4 Ply
- Additional options upon request

Splice Options

- Rivet plate & hinged
- Bolt Hinged & plate
- Alligator Hinged & clips
- Vulcanized

Industries

- Mining
- Manufacturing
- Food Processing
- Bio-Fuel
- Recycling
- Carpet Recycling
- E-Waste Recycling
- Glass Recycling
- Paper Recycling
- Plastics Recycling
- Mixed Solid Waste (MSW)
- Cardboard (OCC) Recycling
- Single Stream Recycling
- Textile Recycling

Materials Applications

- 3-7 Plastic
- Aluminum
- Bagasse
- Beets
- Bio-Waste
- Bulk Materials
- Coal, Dirt (Earth)
- E-Waste, Foam
- Glass
- Grain
- Gravel
- Hay
- HDPE
- Iron Ore
- LDPE
- Medical Waste
- Mixed Paper
- MSW
- Non-Ferrous
- OCC
- Paperboard
- PET
- Potatoes
- Rubber
- Single Stream
- Stover
- Sugar
- Textiles
- Tissue Paper
